ATTACKS ON

GETTING RID OF LIZZIE

Synopsis of Chapters Already Published. Inopsis of Chapters Already Published. This story deals with the solution of the servant girl problem and the efforts of one family to get the proper attention for their children by importing a nurse girl from Germany. The American family had lived in Germany for some years, and decided, through the wife that Elizabeth Schnidler, the little fifteen-year-old German girl, who looked after the son on the other side, should be brought over here. A letter was sent to Germany inviting Elizabeth to come to this country. She replied by saying she would come on the next steamer. The head of the family here met a girl at the pier who answered to the name of "Lizzie" and was taken to his home.

his home.

In order to get the girl the head of the silly was compelled to sign a bond with United States immigration commission ding him responsible for all the deeds girl might do while in United States flory until she reached sixteen years age.

Search was made through the girl's room for gold hat pins, gold a-esh bags, marabou stoles, and money missing from pockers, etc. "Lizzie" refused to be awakened, but in her room were found all the missing articles. Mrs. Norris insisted, "I am going to wake lizzie up," After waking Lizzie the girl insisted she did not steal the articles. She "only took them," she said, and her employers entered an argument as to whether she was a thief or not. Both employers find silverware gone from their dressing rooms and Lizzie is blamed.

"Did you stop to think that possibly I might like to have them, too?" I asked harshly. "Naughty girl, do you know what I am going to do with you now?"

She shook her head, sobbingly silent.
"Do you know what is going to happen to you, Lizzie," asked my wife darkly, "for being a thief?"

She turned to the girl.
"Lizzie, how did you send our belongings to this man?"

And in that way, we can get the stuff back! Thank heaven, shes' too ignorant to know anything about mails, or our things would be Otto's by now!"

"But how are we to get the things."

"He must have her hypnotized, this Otto Schwenke," I remarked. "His system of enslaving young girls' hearts certainly brands him a gay Lothario."

"Foolish child!" my wife shook her head. "I feel really sorry for her when I think of her thievery being devoted to such a purpose. Imagine the silly girl turning over all our valuables to that awful man—ugh!" she shuddered.

"He's a silck worker," I persisted. "I tell you, Otto is a star and no mistake, when he can win Lizzle to the point of getting her to steal for him after a courtship lasting for a single trip across the ocean."

"Well, she would have stolen, of course, without him," said my wife. "Kleptomaniacs don't need urging to rob."

"Who do you suppose that is?" asked my wife, somewhat timidiy.

"I'll tell you better when I go and see," I answered, rising and going out into the hall. I threw open the front door. And there stood Durgin, the postman who covers our route from the Spraycliffe postoffilee.

"Good evenin', Mr. Norris," he greeted me. "Just stepped around to leave a parcel for you. This belongs to you, don't it?"
